US secy in unscheduled meet with PM

TIMES NEWS NETWORK

New Delhi: Following talks between US commerce secretary Gina Raimondo and commerce and industry minister Piyush Goyal on Friday there are also indications that the US may act as early as Saturday to expand its connectivity programme. Further, external affairs minister S Jaishankar and Raimondo launched "strategic trade dialogue" to address export controls, explore ways of enhancing high technology commerce and facilitate technology transfer between the two countries.

Significantly, Raimondo had an unscheduled meeting with PM Modi. The talk covered the concern, he tightened

by Chinese expansionism and Russia's war on Ukraine, over the need to cut dependence on self-aggrandising players by diversifying supply chains and restrict the supply of dual use technologies to unfriendly powers.

While semiconductors seem to be the main focus, the US commerce secretary also said there was scope for the supply chain to expand to other electronic goods. Besides, she disclosed that her discussions with NSA Ajit Doval focused on working with a "trusted vendor base" in what was seen to be a reference to the realisation to move away from Chinese equipment manufacturers like telecom majors Huawei and ZTE, which have been seen as security risk.

The MoU on semiconductors is seen to be crucial given that the US is trying to secure supply chains in the post-Covid period and enact the CHIPS and Science Act to channelise investments of over \$50 billion.

The US does not seek to despoil from China, nor does it seek a technological decoupling from China. It is seeking to ensure that certain technologies where the US is ahead, and where China's export strategy is to have these technologies and deploy them in the Chinese military apparatus, those are technologies that we have export controls to ban sales to China... what it is about though is keeping eyes wide open to the fact that China is explicitly trying to get access to American technologies for use in its military," she said.

Asked if the deal with India was part of efforts to decouple from China, Raimondo said that the benign ele-

PM: Runway ready for SHGs to takeoff, become unicorns

'7cr Joined SHGs In 9 Years, Took ₹6.25L Cr Loans'

Ambika Pandit
ambikapandit@timesgroup.com

New Delhi: Budget 2023 paves the way for creating "unicorns" among self-help groups (SHGs), Prime Minister Narendra Modi said in his post-Budget webinar on "economic empowerment of women" as he called for more women to move from women-led development to women-led development in the last nine years.

The PM emphasised that more than 7 crore women have joined SHGs in the last nine years and their value creation can be understood by their capital requirement as these groups have taken loans worth Rs 6.25 lakh crore.

The PM pointed out that the women in SHGs are contributing not only small entrepreneurs but also as capable resource persons in the role of "Bank Solhi, Krish Sahli and Pashu Sahli" at the grassroots in villages.

Speaking about the progress made on the road to empowerment, PM Modi said that girls studying up to high

school and beyond has tripled in the last 10 years.

"Once a technology application and growth is at 5% today; more than countries like America, UK and Germany," he added. The PM also touched upon the fact that 70% of Madhya Pradesh beneficiaries are women.

"Now we hear of unicorns in the start-ups but we can make this possible in the case of self help groups," the PM said.

In his budget speech, Finance Minister Nirmala Sitharaman had said that the SHGs will be enabled to reach the next stage of economic empowerment through formation of large producer enterprises or collectives and they will be supported to scale-up to serve large consumer markets, as has been the case with several start-ups growing into "unicorns".

The reflection of how we can take the country forward with the help of half the nation's population and how we can increase the potential of women power is visible in this Budget

PM hails use of tech to deal with disasters

TIMES NEWS NETWORK

New Delhi: Recalling the relief and rescue operations in Turkey and Syria after the recent earthquakes, PM Modi on Friday said the way India did and expanded its services for disaster management has served the country well.

After the earthquakes in Turkey and Syria, the world has recognised and appreciated the role of India's disaster management efforts, the PM said, while inaugurating the third session of the National Platform for Disaster Risk Reduction (NDRR) on Friday.

"There is no better way to take the country forward with the help of half the country's population and how we can increase the potential of women power is visible in this Budget."

He concluded his speech citing an article written by President of India Droupadi Murmu on International Women's Day on women empowerment and urged all to understand the spirit of the article.

He said that the government has become proactive from being reactive earlier with regard to dealing with calamities.

HC grossly erred in setting aside trial court acquittal: SC

Continued From PI

Four years later the trial court in March 2007 acquitted him of all charges in finding that the prosecution had not corroborated the extrajudicial confession with independent evidence.

After nearly 22 years, a division bench of the Calcutta HC in December 2008 set aside the acquittal and

convicted Mondal for murder and sentenced him to life imprisonment. Justice Gopal said this being a case entirely based on circumstantial evidence there have to be of such nature that it should point exclusively towards the guilt of the accused in complete exclusion of other possibilities and probabilities. Referring to SC's earlier judg-

ments, it said, "It is a settled principle of law that extra-judicial confession is a weak piece of evidence and an extrajudicial confession is surrounded by suspicious circumstances, it is a rule of sation where the court would generally look for an independent reliable corroboration before placing any reliance upon such extrajudicial confession."

'Lalu kin illegally bought land for ₹7.5L, sold it for ₹3.5cr'

Continued From PI

Amit Katal is linked to AK InfraSystems Pvt Ltd, the alleged recipient of two of the plots belonging to the families of two persons who got jobs. The court found that Katal was a close friend of Lalu's son, Syed Rizwan Faruqi, who was present on Friday when ED officials entered the house. Officials claimed that Tejashwi stayed at this house when he is in New Delhi.

During the searches, Rs 53 lakh in cash, \$1,000 in foreign currency, ₹400 of gold bullion, over 1.5kg of gold jewellery and incriminating documents and electronic devices were seized, the ED said. The ED sources came soon after the CBI query to Lalu and his wife Renu Devi in whose name registered in the land for sale.

During 2004-06 when Lalu was railways minister, some people, especially from his home state Bihar, were allegedly appointed to Group D positions in different zones of Indian Railways.

The premises which were searched include the houses of Rengi Lal and Chanda Yadav both former directors of AK InfraSystems, Hemu Yadav, Amit Katal, Syed Abu Dujana, Navneet Sarana, Praveen Jain and offices of AK

EDR leader Syed Abu Dujana (in black on balcony) at his residence during an ED raid in Patna on Friday

InfraSystems Pvt Ltd, Brahma City Pvt Ltd, Elite Landbase Pvt Ltd, Whitehand Corporation Pvt Ltd and Meridian Construction India Ltd.

The ED claimed that while Raghunath and Chanda Yadav were neither the owners of the properties, which had received a legal panel from a candidate, Hemu Yadav is beneficiary of two land parcels received in lieu of jobs given to railway candidates.

The family members of Lalu Frasdi sold four land parcels illegally acquired at the cost of Rs 7.5 lakh, to Meridian Construction India Ltd, owned and controlled by Syed Abu Dujana, an ex-RJD MLA from Sitamarhi, Bihar for a consideration of Rs 3.5 cr.," the ED sources said. Premises of a CA in Ranchi was also searched, they said.

US makes fresh Indo-Pacific biz pitch, India to wait for clarity

New Delhi: The government will wait for more clarity on the proposed Indo-Pacific Economic Framework (IPEF) before concluding its joint talks, and demonstrating for various subjects and cited this law to seek applications only from women.

IPEF is engaging on four pillars – trade, supply chains, clean energy and infrastructure and tax and anti-corruption – with New Delhi engaged in all pillars other than trade. While US has made it clear that it is for India to decide how it wants to move, the government wants the details to be known before committing to this.

US commerce secretary Gina Raimondo, who was upbeat on American companies investing in India, said that fluid flow could get a

further fillip due to IPEF since those announcements are expected from the 10 companies whose CEOs have travelled with the US for the forum.

The minister (Piyush Goyal) and the secretary (Raimondo) noted that deepening economic engagement amongst IPEF partner countries is crucial for continued inclusive growth, peace, and prosperity in the Indo-Pacific region. They shared the conviction that IPEF will bring tangible benefits from enhanced investment flows; development of infrastructure; connectivity and more resilient supply chains; facilitation of the clean economy transition to IPEF partner countries; and recognition of large and strengthening of antitrust efforts and tax administration," said a joint statement issued after the dialogue.

100% women quota illegal, says CG HC, quashes ad

Ratnpur: Quashing an advertisement of the Chhatisgarh government in the high court on Thursday held that providing 100% female reservation is "unconstitutional".

A division bench of Chief Justice Arup Kumar Goswami and Justice Narendra Kumar Verma quashed the provisions of a law framed by the Chhattisgarh government, which specified that only female candidates are eligible for direct recruitment into the posts of various ministers, professors, judges and police and government nursing colleges.

The division bench held that the advertisement of the Chhattisgarh government had published the advertisement on December 8, 2021, for posts of assistant professors (nursing) and demonstrators for various subjects and cited this law to seek applications only from women.

Abhay Kumar Kisopatra, Dr Ajay Tripathi and others moved the high court against this.

After hearing both sides, the HC bench quashed the advertisement as

RJD, Cong slam raids, BJP says JD(U) exposed scam

Comparing BJP politicians to Kans, Lalu's daughter Rohini (in pic) said BJP was committing atrocities on her family as Lalu had always stood against fascists

BJP and act accordingly. In fact, BJP has ruined their image," said Jha.

Congress Legislature Party leader Ajay Tripathi said that the RJD chief Lalu Prasad in different parts of the country on Friday in connection with the Jane-Dorbji scam, Lalu's daughter Rohini Acharya accused the BJP of committing atrocities on her family. She even compared BJP politicians with mythological characters like Ravana, RJD leader Rakesh Manjhi and national spokespersons.

Manjhi has alleged that the central agencies were being misused by the BJP ever since it was thrown out of power in Bihar. "These agencies have become a tool of joke. They get the script from the

bored. Everything will be remembered. What crime had little children of sisters done? What crime had pregnant sisters done? Why are all these BJP politicians being tortured since the beginning and their only crime is that Lalu's family has never been down before fascist power and riotous people. You will get the reply on time. These things can no more be tolerated," Rohini tweeted.
